

Instructions for International Patients

We request that all overseas patients wishing to receive medical examinations and/or treatment at Hokkaido University Hospital (HUH) use services offered by an international medical coordinating company to ensure patient safety during the examinations and treatment by helping bridge language and cultural divides and providing medical and other necessary information. The company also helps facilitate necessary procedures, including those involved in travel to Japan.

We have established a business partnership with Emergency Assistance Japan Co., Ltd. (EAJ), an international medical coordinating company and medical-stay visa guarantor certified by the Ministry of Foreign Affairs and the Ministry of the Economy, Trade and Industry.

Overseas patients wishing to receive medical services at HUH are advised to contact EAJ, which offers a variety of support, including medical-stay visa procurement support, medical bill payment guarantor services, visa guarantor services, interpreter arrangement and 24-hour call center services. (Fees are at your own expense.)

What is Emergency Assistance Japan Co., Ltd. (EAJ)?

A member of Medical Excellence JAPAN (MEJ), EAJ provides the following medical coordination services primarily to international patients wishing to receive medical treatment in Japan. (For more information, visit the EAJ website.)
